PRESIDENTS MESSAGE

Jeanne Preall

March has been a chaotic month for the residents of Springville and many of our usual routines have been disrupted. It takes times like these to bring out the best traits of community members. Resilience, generosity, and kindness come to mind as our members step up to help wherever they can. Members have been without power and some without water, but they have figured out how to get by and help each other. Springville people are tough!

The Patton House has remained open whenever possible and will continue to do so. Phyllis will keep us connected with email and we will all get by.

At the April meeting we will have the baking contest and the plant sale. It will be a joy to get back together and share our stories. Until then stay safe.

INSTALLATION OF OFFICERS

Judi King

It was my pleasure to install the new board of directors for the Community Club at our January meeting.

The theme for this year's installation was birds.

My favorite bird joke was:

What's black and white and black and white and black and white?

*See end of newsletter for answer!!!
